MaCoi Hollins

Healthcare Analytics & Data Science

Kenner, LA | mcoi22@outlook.com | mhollins@sandiego.edu | github.com/MaCoiCH-22

Reimbursement analyst and graduate data science student with experience in Medicare cost reporting, hospital data quality, audit support, Python automation, and clinical research.

Technical Skills

SQL Server (T-SQL), SQLite, Python (pandas, openpyxl, scikit-learn), Excel (PivotTables, macros), Git/GitHub. Graduate coursework in R, statistics, machine learning, and time-series analysis.

Professional Experience

Reimbursement Analyst | Genesa Reimbursement Group | Jan 2026–Present

- Process and analyze hospital data for Medicare cost report projects. Validate results, document discrepancies, and help prepare records for audit review.
- Built a Python application to inspect hospital Excel workbooks, let analysts confirm or override field mappings, and reconcile claimed amounts against source totals.
- Standardized output in a 23-column Excel log and recorded source and mapping evidence for a separate HCRIS audit-prep workflow.

Clinical Data Analyst (Contract) | DelRicht Research | Nov 2025–Jan 2026

- Compared captured trial data with source records across concurrent studies and worked with clinical teams to resolve discrepancies.

Additional Experience

OutSolve LLC | Production Associate, Compliance Data | 2024–2025. Validated workforce data for compliance reporting.

Eurofins | Laboratory Technician | 2024. Documented testing and chain of custody.

General Meyer Pharmacy | Pharmacy Data & Operations | 2022–2023. Maintained prescription and insurance records.

The Times-Picayune Doll & Toy Fund | Data Manager & Analyst | Seasonal. Managed donor records and recurring reports.

Selected Portfolio Projects

Clinical Trial Results Reporting | Python, SQLite. Registry analysis of 5,524 public studies. Of 4,466 completed studies, 1,264 had posted results at the snapshot.

Clinical Data Quality Engine | Python, SQLite. Synthetic FHIR demonstration tracing 28 of 80 quarantined entries to failed upstream records.

Education

University of San Diego | M.S. Applied Data Science, expected summer 2027

Dillard University | B.S. Chemistry, 2022

Xavier University of Louisiana | Professional pharmacy coursework
